

## Key Features:

- Easy setup in less than 30 seconds
- Full-height 2 room tent
- Zip-in entry floor
- Exclusive SkyMesh skylight
- Certified fire rating to CPAI-84
- Sleeps 5-10

## Description:

This is the Oztent RX-5; a 2 room, full height, fully waterproof tent built on the strong base of the original 30 second tent. The RX-5 comes as a full package and has a ton of new features including a zip-in entry floor, SkyMesh skylight and exclusive ModCan material.

The RX-5 is perfect for a family or those who are after a full height, waterproof living space.

## NEW FEATURES

### Zip-In Entry Floor

The Zip-In Entry Floor fully encloses your entry area when used in conjunction with the Complete Panel System. This creates a larger, private, weatherproof sleeping or living area.

### Complete Panel System

The included Complete Panel System fully encloses your front awning. When used alongside the Zip-In Entry Floor, you have a fully waterproof room.

### SkyMesh

SkyMesh is built into the roof of the main tent and unzips to give you a full, insect-free view of the stars. All zips are located inside the tent to allow for easy opening and closing. SkyMesh also gives you great ventilation inside the tent.

### Fly

A tent fly has been included as part of the tent package. The use of a fly in a single skin tent can greatly reduce the amount of condensation in colder weather and keep the tent cooler in warmer weather.

### ModCan Material

We have developed this material for Global Markets. ModCan is rated to CPAI-84 flame retardant, completely waterproof, UV resistant and incredibly strong.

## Specifications:

Material	
Tent	Exclusive ModCan material
Floor	Heavy-duty, heat-sealed PVC tub floor
Frame	Extruded aluminium
Fly Screens	No-See-Um Mesh
Dimensions	
Packed Size (Tent Bag)	209cm (L) x 37cm (W) x 29cm (H) 82" (L) x 15" (W) x 11" (H)
