

## Key Features:

- High speed setup
- Fly included
- 100% waterproof material guaranteed
- Sleeps 5
- Light to carry

## Description:

Without compromising on quality of design or manufacture, we have been able to make some of our products even more obtainable to large families. Introducing our Oxley 5 Lite. The Oxley Lite range is virtually identical to our Oxley range.

The difference... the OZTENT OXLEY LITE range is fabricated and floored with 210D Polyoxford PU2000mm. A change that makes the tents slightly lighter and more affordable, ensuring that wonderful family camping experiences are even more achievable for all.

## NEW FEATURES

### 100% Waterproof

If you have a leaky tent camping can be downright awful! That's why we ensure every single Oxley Lite is 100% waterproof with the fly attached. Enjoy a comfortable sleep even in the heaviest downpours.

### Fly Included

We have included the fly with the tent kit. The use of a fly in a single skin tent can greatly reduce the amount of condensation in colder weather and keep the tent cooler in warmer weather

### Light to Carry

The Oxley Lite range is fabricated and floored with 210D Polyoxford PU2000mm. A change that makes the tents lighter and more affordable, ensuring that wonderful family camping experiences are even more achievable for all.

### Auto Lock/Release Frame

Our innovative frame has auto lock and release mechanisms which makes setting up and packing down incredibly easy. Once you lock in the center hub, all legs are pulled and simply locked into place. Similarly when packing down, pull down the center hub and all legs automatically collapse.

### Extra Large Attached Awning

Extra covered living space is essential when you're camping. The attached awning not only allows for more space but more versatility. The Oxley Complete Panel System can easily be attached to the awning to fully enclose the space and give extra privacy.

## Specifications:

Material		
Tent	210D rip-stop polyoxford PU2000mm	
Floor	210D rip-stop polyoxford PU2000mm	
Frame	Exclusive Corrosion Resistant Aluminium
